

We are a General Contractor bidding on the new construction of a Tractor Supply Boutte, LA project located at US Highway 90, Boutte, LA 70039.

READ EMAIL IN FULL:

We have two different bid proposals here. **Please submit a bid for BOTH options.**

ALL QUESTIONS are to be directed to Thad Devier at 504-416-4747 or email tdevier@devierway.com

******* Bids are to be submitted to bdunn@devierway.com

OPTION A: Bldg **FFE: 4.0'** (with a 42" stem wall as the bldg. perimeter wall, same thickness as the CMU) (with waterproofing logs over all openings)

OPTIONS B: Bldg **FFE: 6.15'** (no stem walls, nor waterproofing logs over all openings)

We have taken some drwgs from the TSC store we built last year in Houma LA, and inserted them, added them to these drwgs. We will need to apply those items/details to this Boutte location, as there are no current civil drawings. **Some civil drawings are located on pages 48 – 55.**

This we will need:

- 1) Fire sprinkler water supply, which can also be for domestic and irrigation.
- 2) Storm drainage
- 3) You will need to make assumption of Utilities, locations, runs, distances.
- 4) Qualify your bid accordingly. Civils, please write your scopes of work, Cut, clear, fill, etc.
- 5) Landscape / Irrigation – Design Build
